THE PROBLEM

One client. Four different deadlines.

"When can Atlas submit payroll changes?"

October 2026

Teams

Finding a message is easy. Knowing what applies is the hard part.

MEET FINN

Ask once. See the answer and why.

1

Ask in your own words

One small companion on your desktop.

2

Check the evidence

The answer, its sources and the reasons.

3

Know what comes next

If evidence is missing, surface the owner.

PRODUCT DEMO

Let’s ask Finn.

ATLAS · OCTOBER 2026

Trust needs a reason.

THE ANSWER

22 October

2026

Approved exception
Atlas · Belgium
October only

Source S4

22 — S4

Approved client agreement

Roy approved the Atlas exception.

Applies

~~**20**~~ — S1

General procedure

The client exception takes precedence.

Overridden

~~**23 25**~~ — S10 / S3

Teams proposals

A proposed 23rd and a recalled 25th. Neither is an approval.

Not approved

ATLAS · NOVEMBER 2026

No evidence? Make the gap visible.

“And for next month?”

?

No substantiated answer

October’s agreement does not confirm November’s deadline.

NEXT STEP

R

Roy

Atlas account owner

Ask for a confirmed November date.

Contact is simulated in this prototype. No message is sent.

SICK LEAVE EXAMPLE

Same principle. Another HR question.

“When must a sick leave notice be passed on?”

24 hours

S6 · Approved

Current Belgian procedure

48 hours

S7 · Unconfirmed

A Teams message without approval

~~72~~ hours

S34 · Expired

Synthetic demo policy · this is not payroll or legal advice

VALUE FOR SD WORX

Less searching. Better judgement.

Help people use the right context without maintaining another knowledge portal.

NEXT STEP · A FOCUSED PILOT

Future pilot, not yet measured

1 **Connect safely**

Authorised sources and access controls

2 **Close the loop**

Real colleague confirmation when evidence is missing

3 **Measure value**

Time to a supported answer and expert interruptions
